### ARRIVE IN STYLE

Spend your first afternoon in tropical paradise soaking up the sunshine and enjoying the Costa Rican pura vida beside our iconic infinity pool. Get a few laps in or float around with a view – just make sure to work up an appetite. Before sunset we'll take you on a culinary adventure into our national food culture with a traditional ceviche class. Learn to make this light, tangy dish with a little Kurà twist, and enjoy it with a moreish craft beer as the sun sinks into the Pacific. Sit back and enjoy the dynamic show.

# day 2 OCEAN ADVENTURES

Head down to the coast or into the jungle for an adventure of your choice. Hit our famous waves with a professional surf instructor and earn some cool points, or stand-up paddleboard and snorkel around the calm warm waters of the Whale's Tail. For some full-on adrenaline, duck into the rainforest for a waterfall rappelling adventure or for a night-time wildlife hike. Whatever you choose, you'll be in for an authentic Uvita experience.

At dusk, we'll set the mood for a playful, romantic evening with a cocktail class courtesy of our entertaining bartenders. Join them to shake up some exotic concoctions featuring hard-to-find liquors and tropical ingredients. Prepare to put a tico spin on your favorites – salud!

## A WORLD OF WILDLIFE

No Osa Peninsula adventure would be complete without a visit to the mega-biodiverse Corcovado National Park. Spend the day exploring the intricacies of this undisturbed ecosystem, home to almost 2.5% of the planet's biodiversity. It's not uncommon to see a number of endangered and endemic species including the tapir – welcome to the most biologically intense place on earth.

If hiking isn't your thing, take a boat ride out to Caño Island Biological Reserve, well-known for its beaches, pristine coral reefs and rich sea life including the likes of white-tipped sharks, manta rays and schools of fish.

### NAUYACA WATERFALLS

Fuel up on hearty breakfast burritos ahead of the day's adventure: Nauyaca Waterfalls. You'll work up a sweat half horseback riding and half hiking to the impressive falls, but the reward is sweet: rest those thighs in the cool plunge pool waters at the foot of the majestic 120ft waterfall. For brave adventurers, climb up to the very top and show off your diving skills to the onlookers below.

Once you're back at Kurà, we'll be waiting for you at the spa for a soothing sports massage to relax your muscles and help you bounce right back. Our therapists have magic hands, and our spa even more enchanting views. By evening time you'll have plenty of energy to explore Uvita town for dinner – just ask us for recommendations.

### RESORT RELAXATION

Start your final day at Kurà with a delicious breakfast and some luxury resort relaxation. Come mid-morning, join us on a tour of our organic greenhouse. From wild cilantro to exotic herbs, taste your way through our green garden and pick out your own ingredients for an all-natural smoothie or lunchtime salad.

After lunch, kick back on our comfy double loungers to work on your tan, or frolic in the cool waters of our infinity pool, admiring the incredible views. Up on our mountain ridge surrounded by nature, there's nowhere quite as peaceful on earth to truly relax. Order a cocktail or two and call it a perfect afternoon in paradise.
