Ceremony Options

We are pleased to offer the following modalities for your ceremony. Please let us know if you have a unique idea in mind for your special day, and we will do our best to make it a reality.

Civil Marriage

Civil marriage ceremony accompanied by a lawyer as your officiant. This wedding is legally registered in Costa Rica as well as your country of residence; the ceremony itself can be tailored to your preferences.

Symbolic Marriage or Other Holistic Ceremony

Whether a spiritual ceremony of union, a vows exchange or renewal, we can design your magical celebration based on your personalized asks.

Please see next page for more information and fees.

Ceremony Information & Fees

Civil Marriage \$1,200

The civil marriage ceremony will be accompanied by a lawyer as your officiant. The wedding is legally registered in Costa Rica and your country of residence. Marriages in Costa Rica are globally recognized, adhering to The Hague Convention on the Celebration and Recognition of the Validity of Marriages.

The only documentation required is the valid passports of the couple. The Lawyer/Officiant involved will then prepare an Affidavit detailing essential information such as the date and place of birth, parents' names and nationalities, and civil status. Subsequently, the marriage statement is submitted to the Civil Registry of Costa Rica, with the registration process typically taking around eight business days.

Once registered, an Official Wedding Certificate is issued, translated into English, authenticated with an Apostille by the Costa Rican Foreign Affairs Ministry, and finally dispatched to the couple via registered mail.

Symbolic Marriage or Other Holistic Ceremony

Whether a spiritual ceremony of union, a vows exchange, or renewal, we can design your celebration based on your personalized asks.

Go beyond the traditional with our platform designed for couples wanting to express their love and commitment in a way that aligns with their unique vision. This incorporates symbolic rituals and elements that mirror the couple's shared values, beliefs, and journey together. Emphasizing a holistic perspective, we recognize the connection between mind, body, and spirit to promote oneness and mindfulness.

As part of the experience, couples can consider a variety of ceremonies to follow, such as the unity sand ceremony, signifying the blending of two lives, a tree-planting ritual symbolizing growth and strength, or the exchange of meaningful vows.

Within the ceremony, various elements can be included, such as mindful meditation, ceremonial rituals using cherished objects, a connection to nature, and the soothing sounds of a sound bath or music.

Personalized Services

To make your special day even more unforgettable and tailored to your preferences, consider the à la carte options in the following pages to complement your ceremony planning.

Please let us know if there is any other special request you would like us to arrange for, or let us know if you need our help suggesting some options to plan your ceremony day.
